NOTES Chairman Weeks, from NATION'S of the House committee on post-roads, said that the members of his committee have agreed on a substitute for the senate postal savings bank bill, and that it may be introduced at an early date. The Republican members of the committee will then have a meeting, after which the bill will be submitted to a caucus and discussed for the purpose of smoothing out any differences of opinion that may exist. With the caucus endorsement there will be no question of the passage of the postal savings bank bill by the House this session, say the Republican leaders. The bill as agreed on by a majority of the members of the postoffice and postroads committee has the approval of the president, it is said.

A Washington dispatch says that it can be announced on highest authority that Chas. F. Taft, brother of the president, will not be a candidate for the senate to succeed Senator Dick, of Ohio. Mr. Taft is in Washington and by his closest friends it was said that he has given up all idea of going into the fight. It is probable that he will spend the greater part of the summer in Europe.

MISSIONARIES SAFE. Presbyterian Board Receives Reassuring Cablegrams from Missionaries. The Presbyterian board of foreign missions received reassuring reports from their missionaries at Nanking, Hanchow and Chenchow. The two latter places are Hunan provinces. "All is quiet," was the answer received from each of the missions named, where some safety alarm was felt at the receipt of the disturbing reports of the past few days. Cablegrams of inquiry were sent out last week.

DEATHS OF John A. Kason, for half a century prominent in public life and well known for his contributions to the security of the state, died at Washington, D. C., of bronchial trouble. He was unmarried. Mr. Kason has been in public life since the first year of the Lincoln administration. He was born in Charlotte, Vt., January 31, 1822.

BOY TAKES HIS LIFE.

Locked Himself in Bath Room and Fired Bullet in Brain. Atlanta—Despondent because of alleged delinquent relations in his family and charged at having married his mother, who went into hysterics as he thoughtlessly played with a revolver for presence, Charles D. Foster, aged 18, locked himself up in the bath room of his mother's home at 75 Luckie street and fired a bullet through his brain.

He was dead when found ten minutes later. Latter Day Rip Van Winkle. Washington—An aged man lies on a cot in Emergency hospital, peacefully sleeping. He is not sick. But he sleeps as if he had wandered away from Sleepy Hollow and was a Rip Van Winkle come to life again. Nothing can wake him from his slumber. Physicians have tried medicine, hypodermics, and all other means to no avail. The aged stranger, was found sleeping in the streets before midnight Friday and he has remained the wall of the hospital ever since. The attending physicians are studying his case with great interest.

Killed Self On Wedding Eve. Louisville, Ky.—On the eve of his going to Philadelphia to marry Miss Virginia Harrison, William L. Bentley, a young physician, was found dead with a bullet hole in his forehead and in the back of his neck. There were two empty cartridges in the revolver found near his body, and although Bentley is believed to have committed suicide, the coroner is making an investigation.

Flood Loss Will Be Heavy. Cincinnati—Colder and fair weather brought hope of relief in the Ohio valley flood situation. Though the total damage is already several hundred thousand dollars, reports received from many of the worst points showed the situation slightly better. At Parkersburg alone the damage is \$100,000. Marietta \$50,000, Portsmouth \$10,000 and Cincinnati \$100,000.

A Runaway.

Last Sunday a week ago Mr. James Averett, 25, and Miss Lillian May Wise of Ino, 13, eloped together and taking the train at Mari, they proceeded to Noma, Fla., and were married. Mr. Pete Wise, father of the girl objected and had the groom arrested on his return for decoying his daughter off. The young man was tried before Justice Caruley last Saturday and placed under a five hundred dollar bond for his appearance at a future higher court. The Ledger hopes the differences may be amicably settled, because "when eyes look love to eyes that speak again" you just as well let 'em alone.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

The wheat fields of the west yield on an average twelve bushels of wheat to the acre, versus to the growers \$12 gross; the cotton fields of Alabama yield 225 pounds of lint cotton worth \$85. There is a little more expense required to make the cotton, but it is safe to say that at this rate cotton should net just about twice as many dollars to the acre as wheat. In spite of this showing, however, government reports show that the most prosperous farmers are in the wheat belt, and the least prosperous are in the cotton belt. What's the matter?

Scared Into Sound Health

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." City Drug Co.

It is pretty generally believed that there is at least one pretty health "blind tiger" doing business in Elba, perhaps more than one. There is reason for believing this because more than the usual number of drunks have been seen on the streets of late, and the kind of stupid, foolish, belligerent drunk that were carrying away of the kind that can only be cured by the liberal use of the vile poison that is usually dealt out by blind tigers. This drinking has been going on for some time, and we thought perhaps the stuff was being dealt out by candidates for office, but since the election there has been no decrease in the drunkenness, and we have concluded that we did the candidates and their workers an injustice, for which we apologize.

What Everybody Ought to Know. That Foley Kidney Pills contain just the ingredients necessary to tone, strengthen and regulate the action of the kidneys and bladder. City Drug Co.

Florida land companies are now booming the everglades, and selling lots to dry land "snacks" that is six feet under water.

Quarrel Ends In Death.

Farmer Shot Down in the Road by a Neighbor. Greenville, S. C. June 12—West Knight, a prominent white farmer of the Laurens Road section, was shot down in the public road today at noon by John Babb, a neighbor. He was brought to the local hospital, where he died at midnight.

The men had been on bad terms for several months and today Babb and his wife were enroute to a neighbor's when they met Knight in the road and the two men began quarreling. Babb got out of buggy and as did so, Knight, it is said, advanced on him with a knife whereupon Babb pulled his gun and fired four shots, each bullet taking effect in Knight's abdomen perforating the intestines in several places. Babb is in jail.

Postal Savings Bank Bill Passes.

Washington, June 10.—By the overwhelming majority 205 to 101 the House last night passed the postal savings bank bill as recently agreed upon by the Republican caucus of the house. Not a single Republican voted against the measure on the final roll call. Prior to this action, the house by 102 to 110 rejected the Democratic substitute for the bill proposed by the minority.

Special Court Notice.

To whom it may concern: I am ordered by Judge Ham to notify all witnesses and parties in cases in the County Court as follows:—

Witnesses and parties shall be in the court room at 9 o'clock on the day their case is set. Being in town or on the way to town will not keep off fine, forfeiture or attachment.

Parties are notified that they should take the trouble to get their cases ready for trial by securing attendance of witnesses, &c.

The rules as to continuances, excusing of witnesses, &c., will be more rigid than heretofore, and cases will be tried on the days they are set for unless there is genuine good cause for not so doing.

The Court orders that this notice be published in order that all persons who are witnesses or parties may take warning and govern themselves accordingly.

Lets everybody remember Claytons own town. If you do not think it is good enough move out. And if you think that it is good enough for you, it ought to be good enough for anybody else. So tell the world about it. Lets make our town bloom and blossom like the Rose of Sharon.—Clayton Record.

RAIL LINES PAY SIXTH OF TAXES.

Valuation With a Total For The State \$500,000,000. Of the total property valuation of about five hundred millions, in Alabama, this year, the railroads have, in round figures, \$95,000,000. In other words, more than one fifth of the total taxes of the state will be paid by the rail lines for the year. The exact figures of railroads valuations, made up by Will Boyd, secretary of the tax commission, are \$94,810,458. The total of all in the year, 1909, was \$102,799,702. The total intangible assessment against the roads of the state this year is \$80,000 over the year before.

The tax levy on rail lines is made on these items: Depots, shops, section houses, real estate and personal property, road bed and rolling stock, franchises. The first group is assessed by the county tax officers, the second by the state board of assessment and the third by the tax commission. The franchises cover all these things of value that are not included in the tangible holdings, and is a law passed in the early part of 1907, as an administration measure.

By roads, the total assessment this year, is: Louisville and Nashville, \$20,218,814; Atlanta, Birmingham and Atlantic, \$1,010,874; Alabama Great Southern, \$8,200,420; Atlantic Coast Line, \$1,033,593; Alabama and Mississippi, \$60,000; Atlanta and Birmingham Air Line, \$2,381,500; Birmingham Belt, \$510,000; Canton, Aberdeen and Nashville, \$118,917; Illinois Central, \$541,743; Montgomery Belt, \$120,000; Central of Georgia, \$6,480,645; Mobile and Ohio, \$5,454,654; Mobile and North of Alabama, \$8,940,105.

Masonic Election.

Saturday at the regular annual election of Fresno Lodge, No. 670, F. & A. M., the following officers were elected:

W. M., S. H. McWaters. S. W., N. H. Lambert. J. W., Amos Chancery. Treasurer, W. P. McWaters. Secretary, J. T. Eagerton. S. D., W. N. McWaters. J. D., W. W. Eagerton. Tiler, Young Wilkins. Chaplain, J. D. Miller. Stewards, D. L. Wilkins and Charley Stewart.

It is impossible to enforce the prohibition laws in any community where reputable citizens patronize "blind tigers" or refuse to report violations of these laws. The same conditions would prevail as to larceny, if the good citizens "winked" at thieves and helped to cover the crimes from the eyes of officer.

Those who know say the fish law is a farce in Coffee County, and that there has been more fish caught with seines and killed by dynamite in the streams of Coffee this year than ever before.

Auburn college boasts of its democracy—of the fact that there are no caste distinctions there. We expect that Auburn's boast is well founded, and if it is every Alabamian ought to be proud of such a school.

Alabama will hardly get an additional congressman under the new census. That is to say that Alabama will hardly show enough growth over the average growth of the nation to entitle it to another congressman.

Thirty thousand is our guess on Coffee County's census this year. Some say thirty-five thousand, and some put the figures as high as forty thousand.

Grandpa Vaughn Dead.

Yesterday Mr. W. B. Vaughn died at the home of his daughter Mrs. Jim Foreman, South of Elba. Mr. Vaughn was over eighty years old, and had been in poor health for some years, having been unable to see well for a number of years. He was a Confederate veteran, and a splendid good man. He leaves surviving him the following children: Mr. W. C. Vaughn, of Elba, W. B. Vaughn, of Troy, J. B. Vaughn, of Montgomery, Charles Vaughn, of Laurel Hill, Fla., Mrs. Jim Foreman, of Beat 16 and Mrs. J. W. Seogins, of Elba.

The funeral will take place this afternoon at Evergreen cemetery. Our condolences goes out to the bereaved loved ones.

Mrs. Cleveland thinks that as the men-folks of her family have done so well in politics that she'd just as soon leave the politics to the men, and let the women stick to the home.

The railroads have threatened to paralyze business unless they are allowed to raise freight rates to what they consider a fair basis. Over half of the houses in Hyden, Ky., were destroyed by a fire, believed to be of incendiary origin. The loss is estimated at \$75,000. Hyden economy was burned about a month ago. It is believed, by the same pyromaniacs. Hyden is the seat of Leslie county, the scene of a feud warfare lasting for years between a French and Everole families. It is far from a railroad, and in an almost inaccessible region.

DEATHS OF

NOTED PEOPLE. Mickey died at his home at Ascola, Neb. For more than a year the ex-governor had been suffering from a fatal ailment, which finally caused his death. From the first illness he rallied but never recovered.

William Sidney Porter, known best under his pen name of O. Henry, as the writer of short stories, died at Polytechnic hospital, in New York. He underwent an operation and never rallied. The nature of his ailment was not known. Mrs. Porter, who had been in South Carolina, was summoned by telegram, but did not arrive until after her husband's death.

Joseph S. Harris, former president of the Philadelphia and Reading Railroad Company, died suddenly at his home in Germantown, a suburb of Philadelphia.

Charles Kelly, of Knox, Ind., former state bank examiner, died at Fort-Taber, Ala., after an illness of one week. He was a prominent Mason of Indiana. The remains will be sent to Indiana for interment.

NOTES FROM

NATIONS. Democratic leaders in the House CAPITAL claim they have discovered the "joker" in the final amendments to the railroad bill which would enable railroads to return to the practice of rebating. It is found in a clause establishing a penalty for the misquoting of rates to shippers. It is asserted that railroads might even "contend" as the result of a misquoted rate and pay to the favored shipper rebates under the guise of damages.

Thomas D. Murphy has been nominated by the Democratic party for the senate in the final amendments to the railroad bill which would enable railroads to return to the practice of rebating. It is found in a clause establishing a penalty for the misquoting of rates to shippers. It is asserted that railroads might even "contend" as the result of a misquoted rate and pay to the favored shipper rebates under the guise of damages.

The senate judiciary committee has taken favorable action of the following nominations: Gordon Russell, to be United States judge for the eastern district of Texas; G. W. Long, to be United States marshal for the western district of Kentucky; and D. B. Lyon, to be United States marshal for the eastern district of Texas.

The house bill authorizing the disposal of the surface of coal lands for agricultural purposes has been passed by the senate. The measure, which is considered very important, now requires only the signature of the president to make it a law.

The Republicans of the house went squarely on record for immediate passage of the postal savings bank bill, which is part of President Taft's legislative program. The bill was finally agreed on at a four-hour caucus, lasting until midnight.

The nomination of Fred W. Carpenter, secretary to the president, to be United States minister to Morocco, was ordered favorably reported, to be sent to the committee on foreign relations.

WOMAN CHARGED WITH POISONING

St. Louis Has Case Rivaling Famous Swope Trial.

A St. Louis dispatch says that a poison plot, it is said, rivaling the Swope case will be revealed during the trial of Mrs. Dora E. Dooey for the murder of William J. Ertel. The case is extraordinary in that hypnosis and the use of drugs will be given by Mrs. Dooey as her defense.

"I know I will be acquitted," said Mrs. Dooey, as she entered the court. It is understood that she will attempt to place upon her husband all responsibility for the death of Ertel, who was poisoned while she was living with him, having married him in spite of the fact that she was the legal wife of Dr. Dooey. It is reported that the defense began its fight with the preliminary defense against it, the court on Saturday having refused a motion to order the prosecution to make known its list of witnesses.

The accusations made against Mrs. Dooey are that she, although the wife of Dr. Dooey, married Ertel, a postoffice clerk, and lived with him for several months. When he died she collected \$5,000 insurance.

Had it not been for the suspicions of a sister, Miss Kate Ertel, Mrs. Dooey would not be in court today. The young woman acted the part of the nemesis in this remarkable drama. She traced the woman who had married her brother-in-law to kill him as she believed. She brought out the evidence on which the prosecution rests its case. She traced Dr. Dooey and his wife, and caused their arrest.

Miss Ertel found the couple in Columbus, Mo., where she had them arrested on statutory grounds. At Clayton, St. Louis county, the sister secured the proof of her brother's marriage and got a warrant against Mrs. Dooey, charging bigamy.

In the meantime she had had a chemical analysis made of the victim's blood.

While bathing in Hillsborough river, near Tampa, Fla., Victor Faber, aged 19, and his brother, Henry Faber, 20 years old, lost their lives. Victor was teaching his younger brother to swim and the latter lost the wings with which he was attempting to swim.

Henry F. Funnell, of Seneca Falls, was killed and several others seriously injured when a trolley car of the Geneva and Auburn railroad overturned and rolled over a switch.

On Charleston, S. C., was killed. Mr. Wilford Adams is his name, and he writes about it. "Some time ago I was confined to my bed and two bottles of Foley's Kidney Remedy, with good effect, and for three bottles put me on my feet and resumed work as conductor on the Lexington, Ky., Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. City Drug Co.

Jacob Adler, president of A. Adler & Company, exporters, committed suicide at his home in New Orleans by shooting himself in the head with a revolver. He was a brother-in-law of William Adler, whose appeal from a sentence of seven years in the federal prison at Atlanta, Ga., for violating the national bank laws is now pending.

Six fishermen lost their lives when the Brigantine Maive, of Canale, France, struck on Pointe Blanche while entering St. Pierre, a thick fog. Jockey Fred Langan, mounted on Stalwart Ltd., was instantly killed in a horse-stretch turn in the closing race.

News from Birmingham states that Joseph Cunningham, son of a prominent Mobile family, was crushed to death in an elevator at that place. His death was accidental.

Fire starting in the store of H. D. Kaplan, on Poplar street, between Third and Fourth streets, at Macon, Ga., destroyed fully \$30,000 worth of property.

A boy's carelessness in throwing water on a gasoline stove, causing an explosion, started a fire which destroyed eleven negro houses next West Highlands, Columbus, Ga. The loss was \$5,000.

There is no guess-work, no uncertainty, about this world-famous remedy. Since first prescribed by Dr. D. Jayne 78 years ago it has brought relief and effected cures in millions of cases of disease, and is today known and used in all parts of the world.

Singing at New Home.

The singing class of this community met at New Home church the second Sunday morning and rendered some delightful music.

After the singing the congregation listened to able sermons by Rev. Farmer and Pastor Wise.

All singers are requested to meet at New Home on the second Sunday in July. That is the regular communion day and the time will be spent before and after church service in singing.

There will not be an all day singing on the fifth Sunday as has been understood by some.

All are invited to meet on the second Sunday.

Secretary.

Miss Anna Vaughn III.

The Clipper learns that Miss Anna Vaughn, who used to live here, and is a sister of Messrs. Ang, Dan and Dave Vaughn, is very ill at her home in Eufaula.

It is said that she is afflicted with that terrible disease, pellagra. We hope she may recover.

Special Offer.

TO NEW SUBSCRIBERS ONLY who have not been getting The Clipper lately.

The Twice-a-Week Clipper from now to December 31st for 50c.

This offer is made to introduce THE CLIPPER to new readers.

Elections, conventions, etc. will make the next eight months full of special interest and you cannot afford to miss this opportunity of keeping up with events at such a small cost.

It gives about 60 papers for 50c. Please do NOT send stamps. Buy money Order or send coin in letter. Address THE CLIPPER, Elba, Ala.

The Clipper wants a correspondent in every section of Coffee. We want the news of the county, and we would have people feel free to send in anything for publication that they think will interest their neighborhood or the public. It is the desire of the management of The Clipper to publish everything of interest that happens in the county, but of course it is impossible for us to know all unless we have the help of the people throughout the county. Write us about things in your neighborhood. We would like to have it, the folks about you would like to do it after you once get started. It is a mutual benefit society of which you are elected corresponding secretary.

Stomach Trouble.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price, 25 cents. Sample free at all Dealers.

The good old time corn meal seems to have passed away. Time was when we could get no other kind here, but times have changed and now we pay fancy prices for a dirty looking stuff that seems to be mostly cob, and not a very good quality of corn at that.

Pallagra, the new disease that caused so much comment last summer is reported in South Carolina and Georgia again. Several deaths have occurred in Columbus recently from this cause.

Condition of crops throughout Coffee has improved during the past days and with favorable seasons, and good work, we will have big harvest.
